Education

PROFILE

Enthusiastic developer with a solid understanding of Flutter and modern web technologies (Node.js, React), sharpened through personal projects and a recent internship. Skilled in building intuitive user interfaces and scalable backend solutions, ready to take on new challenges.

WORK EXPERIENCE

- Chulbul PreSchools**
Flutter Intern
 - Design & Development of Mobile App using Flutter for both IOS & Android.
 - Build API interface to fetch data from backend database (MySQL) using PHP.
 - Publish Mobile App on App Store and Play store..
- Internshala**
Internshala Student Partner (ISP)
 - Motivating fellow students to go for online Internshala Trainings and help them to upskill themselves.
 - Promoting Internshala campaigns in my college and helping students to find their dream internships & jobs.

CERTIFICATES

Udemy NodeJS (MVC, REST APIs, GraphQL, Deno)
By Maximilian Schwarzmüller

Udemy Complete Flutter Bootcamp Certificate
By Dr. Angela Yu

Framework Valley : React
By Codedex

Hackathon Participant
Kathmandu School of Management (KUSOM)

Postman API Fundamentals Student Expert
Postman

SKILLS

- Dart
- Firebase
- JavaScript
- React JS
- Mongo DB
- My SQL
- Node JS
- API Integration
- MVC, MVVM, TDD
- Github
- Git Version Control
- Testing
- Docker, Kubernetes

LANGUAGES

- English (Fluent)
- Nepali (Fluent)
- Hindi

PROJECTS

- **Personal Portfolio Website**
[🌐 https://sanjaylive.tech/](https://sanjaylive.tech/)
 - Website to highlight all my projects, skills, blogs and contact details.
 - Optimized for Flutter Web.
- **Instagram Clone**
[🌐 https://sanjayadhikari-007.github.io/instagram-clone/](https://sanjayadhikari-007.github.io/instagram-clone/)
 - Fully Functional Instagram Clone with Firebase as Backend.
 - Responsive to all screen sizes.
- **Voice Calculator**
[🌐 https://sanjayadhikari-007.github.io/voice_calculator/](https://sanjayadhikari-007.github.io/voice_calculator/)
 - Simple Calculator with built-in Text-To-Speech (TTS) service.
 - Hive used as Storage.
- **Quiz App**
[🌐 https://sanjayadhikari-007.github.io/quiz-app/](https://sanjayadhikari-007.github.io/quiz-app/)
 - Quiz App to reveal which element you are .
 - Displays respective image for an element.
- **Jobs API Swagger Documentation**
[🌐 https://jobs-api-made-by-sanjay.onrender.com/](https://jobs-api-made-by-sanjay.onrender.com/)
 - Documentation for Jobs API .
 - Interface to connect with Jobs API Backend.

ADDITIONAL SKILLS

- Github Pro User under Github Student Developer Plan.
- Solved 175+ LeetCode Problems with 86% Acceptance Rate.
- Verified publisher in pub.dev with domain sanjaylive.tech.
- Creator of the magic_cursor package which currently has 100+ downloads on pub.dev.
- Active content creator in Flutter Developer Page in LinkedIn.
- Writes Tech Blogs on Medium .
